

Course Evaluation Participation Encouragement Survey

Survey Instrument Spring 2022

Note: This survey consisted of only one item that was repeated for each course an instructor had taught in the previous semester. For few selected instructors with a high teaching load, closely related courses were combined in order to limit the strain on these instructors for participating in the survey.

Start of Block: Intro

Intro: Thank you for helping us to improve course evaluations. While this survey consists of only one question, we need this information for each course individually so this question will be repeated for every course you taught this semester.

End of Block: Intro

Start of Block: Q1

Q1

What (if any) of the following did you do to encourage course evaluation completion for course **CourseTitle**?

Please select all that applies.

- Give students in-class time to complete evaluations (1)
 - Reminded students that course evaluations are open (2)
 - Reiterated how you will use their feedback (3)
 - Reminded them that the data from course evaluations are anonymous (4)
 - Other (Please explain) (5)
-
- I did not do anything in this regard (6)
